presents

Global Conference on Sustainable Management Practices Bridging Disciplines, Fostering Innovation

7TH DECEMBER, 2024 | MODE OF CONFERENCE - HYBRID

Mahatma Education Society Mahatma Education Society (www.mes.ac.in) is a trust that runs around 48 institutions (Pillai Group of Institutions) in the city of Mumbai ranging from schools affiliated to all boards and colleges of higher education, all recognized by the competent authorities like University of Mumbai, Government of Maharashtra and All India Institute of Technical Education.

Pillai Institute of Management Studies and Research The Pillai Institute of Management Studies and Research (www.pimsr.ac.in) is a renowned institution under the umbrella of Mahatma Education Society. It was established in 1998 and is affiliated to the University of Mumbai and recognized by the AICTE. PIMSR has been accredited 'A+' grade by NAAC and has received an 'A' grade by The Directorate of Technical Education, Government of Maharashtra. The Institute today provides quality education through their Master of Management Studies Programme (MMS) course.

PIMSR Research and Development Committee (PRDC) PIMSR Research and Development Committee strives to facilitate, encourage, and coordinate interdisciplinary research among academicians, scholars, students, and industry personnel in order to improve research expertise and academic achievement. As a research facilitator, the committee's goal is to improve research standards by fostering a real-world problem-solving approach through knowledge-sharing platforms.

About the Conference In today's fast-paced and ever-evolving world, characterized by complex environmental, social, and economic challenges, the imperative for sustainable management practices transcends the boundaries of individual disciplines. It demands collaborative efforts and innovative solutions. This conference serves as a vital nexus for professionals, researchers, and practitioners from diverse fields to come together, exchange insights, and catalyze transformative ideas that can advance sustainable development. Given the pressing global issues we face, we gather to explore synergies across disciplines such as business management, environmental science, engineering, and social sciences. By fostering interdisciplinary dialogue and collaboration, we aim to uncover novel approaches that integrate ecological integrity with economic viability and social equity. Our collective goal is not only to mitigate environmental impacts but also to achieve positive societal outcomes through innovative management strategies. Join us as we embark on a mission to unite disciplines, cultivate innovation, and forge new pathways toward a resilient and sustainable future for generations.

Objective of the Conference The objective of this year's conference is to bring together a diverse community of professionals, researchers, and practitioners to explore and advance sustainable management practices. Our aim is to bridge disciplines and foster innovation through the following goals:

- Facilitate interdisciplinary collaboration.
- Share cutting-edge research and best practices.
- Inspire and empower participants.
- Encourage networking and ongoing dialogue.

General Track for Paper Presentation

- Sustainable Business Practices
- Sustainable Business Models
- Innovative Technologies for Sustainability
- Community Engagement and Education for Sustainability
- Ethics, Equity, and Inclusivity in Sustainability
- Policy and Governance for Sustainability
